FORTY YEARS AGO

April 12, 1907

Mr. Reed is hauling lumber for the new store at Sunnyslope.

Mr. Noah Eby has bought out the implement business on Osler street, from Dr. C.C. Christie.

Dr. A.J. Weart quietly left town Wednesday night and when he returned on Good Friday he gave a pleasant surprise to his friends in Didsbury by presenting them to Mrs. (Dr.) Weart.

The Union Bank has moved into its new quarters. The new building is of cement blocks, two stories high, with full size basement.

King Hiram Lodge No. 21, A.F. & M. was consecrated and the officers installed by the Most Worshipful Grand Master E.G. Taylor of Edmonton, on Tuesday night last. The officers installed were: R. Hollinger, W.M.; W. Pieper, S.W.; O.H. Price, J.W.; L. Peterson, treasurer; J.O. Williams, secretary; A.R. Ruth, Chaplain; J.A. Finlay, I.G.; A.G. Studer, Tyler.

The Farmers' Association met Saturday in the Opera House and decided to ask the C.P.R. to put in a loading platform and scales for the farmers to use while loading stock, hay and other produce.

O.S.A. ACHIEVEMENT DAY PROGRAM HIGHLIGHTED BY A FASHION PARADE

A large number of Didsbury people attended Achievement Day at Olds School of Agriculture. Highlight of the program was the fashion parade when the students modelled the costumes they made during the term. About 80 costumes were shown. Miss Helen Mosseson was in charge of this event. Music for the fashion parade was supplied by the school orchestra, while Jerry Bevin of Calgary introduced the girls over a public address system.

Miss Patsy Gibbs, daughter of Mr. and Mrs. C. Gibbs, of the Inverness district, who is a graduating student, was especially commended for the outstanding quality of her dressmaking. She modelled a pale blue dressmaker suit trimmed with plastic buttons and a formal graduation gown of turquoise silk.

other cars of this type, with extra wide loading doors, 620 of these cars are being added to Canadian Pacific rolling stock this year, with a 25-day delivery schedule. In the car can be seen the loading arrangement which places one auto above the other to make the best possible use of space.

MRS. A. WAHL HOSTESS TO RUGBY W.I. MEMBERS

Mrs. A. Wahl was hostess to the W.I. this month when nine ladies assembled at her home on Thursday afternoon. After the opening exercises, short business sessions were held and correspondence read. Quite a number of articles consisting of small children's clothing have been collected and will be forwarded for shipment overseas. Mrs. Wahl gave a most interesting address on the work of the Red Cross nurses in the far outposts of Alberta. The meeting closed with the National Anthem and lunch followed. Weather permitting, the May meeting will be held at the home of Mrs. Thompson.

LOCAL NEWS NOTES

Mr. Mueller of Ghost Pine spent Tuesday in town with his brother-in-law and sister, Mr. and Mrs. E. Grange.

Mrs. E. G. Ranton has been quite ill at her home following a stroke last week and the good wishes of her many friends are extended to her at this time.

Mr. A.R. Kendrick received word Monday of the passing of his brother Hugh, who resided 11 miles west of Calgary.

Miss Grace Gole of Calgary was home for the week end holiday, visiting with her parents, Mr. and Mrs. Allen Gole.

—Plan to attend the Ranger Girl Guide Concert and Box Social at the Lone Pine Hall on Wednesday, April 16. Ladies bring a box.

Mr. Ralph Taggart of Calgary visited at the Walter Reiffenstein home over the week end.

Mr. and Mrs. M. Weber were Calgary visitors Tuesday.

Mr. and Mrs. Frank Fletcher were Belisek visitors Sunday.

MRS. W. E. STILES TO BROADCAST ON PRAIRIE COMMENT PROGRAM

Mrs. W. E. Stiles will give two broadcasts on "Education" over the CBC Prairie Comment program within the next month. On April 24th, from 3.30 to 3.45 p.m., she will speak on "The Olds School of Agriculture," and on May 1st "A Farm Boy Goes To High School."

While these broadcasts will originate in Calgary, it is not known what station they will be heard over. Anyone interested could tune in April under actual traffic conditions by the Canadian Pacific Railway. The locomotive can be used

DIDSBURY DAIRY CALF CLUB MEETING AT T. MORRIS FARM

The annual meeting of the Didsbury Dairy Calf Club was held at the Tom Morris farm on Saturday, April 5, with 18 members present. Two classes of mature Holstein cows were judged with Mr. McPail giving the correct placings after the members had completed their score cards. A class of three heifer calves was also looked over and placed without the reasons being given.

Following the judging the members went to the house where the business part of the meeting took place.

New officers were elected as follows: Jimmie Clarke, President; Claude Webb, Vice-President; and Pat Gibbs, Secretary-Treasurer.

The new president took the chair for the meeting, as the former president was absent. The minutes of the last meeting were read by Jennette Worrall and the financial report was given, showing a balance on hand of \$126.25. A total of \$131 was paid out in prize money in 1946.

After the financial report Walter Scheidt gave a report on the Dairy Convention in Calgary where he represented this club, and by the report he came back with he certainly enjoyed every minute of it.

The new members who joined Saturday were Adrienne Scheidt, Doreen Westfall and Donald Irwin. If there are any boys of girls wishing to join the club we would certainly like to have them. A boy from Acme sent word to this club wishing to join as there isn't one in his district. Webb's of Swallow are also members.

It was decided to hold the next meeting at the Westfall farm on the 25th of April at 7 p.m., in order to get more meetings in than in the previous years.

Subjects for the next meeting are "Ringworm," by Doreen Westfall, and "Scours," by Ira Roberts. Mr. McPail gave out some new judging books and barn diagrams for the members.

It was decided to have two classes of calves, one at last year, with a junior class and a senior class.

Mrs. Morris had a lovely lunch of chocolate milk, doughnuts and sandwiches prepared for the members and the Calf Club would like to thank Mr. and Mrs. Morris for their kindness and hospitality.

WESTCOTT NEWS NOTES

Miss Marjorie Goetjen had her tonsils removed in the Didsbury hospital last week and is now recuperating at home.

Neil Folkman is spending his Easter holidays with Duane Jacobson.

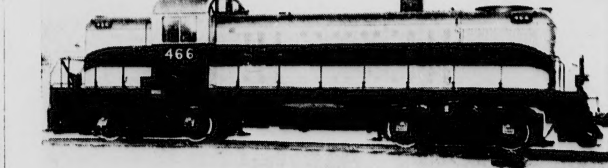

Mrs. O. Swanby was informed on Monday last that the grave condition of her father, who has been ill most of the winter. Mrs. Swanby and son, Tom, left immediately for Calgary to be near him. Our thoughts are with Mrs. Swanby and her family at this time of great anxiety and we're all hoping for the best.

Miss Deloyce Goetjen arrived home on Thursday last for the Easter vacation.

The Boy Scouts went on a hike along the Dog Pound creek on Monday last. Hope you had a good time, boys.

Mr. and Mrs. Wilbert Panke and family, and Mr. Hubert Panke of Big Prairie managed to wade the water holes to visit at the Herb Goetjen home last Tuesday afternoon.

Mrs. Korschuh, our teacher, gave her pupils a bang-up Easter party last Thursday afternoon and there were lots of colored Easter eggs, etc., and from all reports the kids really enjoyed themselves. Kind of made us grownups wish we were children again.

Pictured above is a 1,500-horsepower diesel, road engine of the type which will be tested early in April under actual traffic conditions by the Canadian Pacific Railway. The locomotive can be used

STUDENTS' UNION HOLD MASQUERADE DANCE

The Students' Union of the Didsbury high school held a masquerade dance in the Lions hall on Wednesday evening, April 2, and all present reported an enjoyable time.

Prizes for costumes went to Miss Weiss and Miss Proden, two of the teachers dressed as negroes, and to Tom Scott, who donned ladies' apparel. Prizes for the climactic dance were won by Norma Ringheim and Jack Freeman.

After an enjoyable lunch the party broke up shortly after midnight.

TOWN TO PAY MORE FOR MUN. HOSPITAL SERVICE THIS YEAR

The Council of the Town of Didsbury met in regular session in the town office on Monday evening, April 7th, and all councillors were present with Mayor H. Lynch, Staunton in the chair.

Two applications were received for town building lots, and a one-year lease was given to Canadian Oil Co. on the power house property.

A communication from Calgary Power Company advised that effective from December 24th the minimum charge for domestic service had been reduced to \$2.60 gross, and \$2.30 net per month, and that the basic service charge for commercial service had been reduced from 40c to 30c per month. 1947 requisitions for the Didsbury Municipal Hospital District were presented for the Town of Didsbury, asking for \$4,589.75. This is an increase over last year's requisition, which was around \$3700.

A complaint was received that the town pump was out of order and Bill Moon was authorized to repair the pump as soon as possible.

MELVIN NEWS NOTES

Mrs. Wm. Summers returned home last week from the Didsbury hospital where she underwent a major operation.

A large crowd attended Gus Olson's wedding dance last week and everyone reported a wonderful time. Thanks a lot to the newlyweds for the evening's enjoyment.

On Friday afternoon a shower was held at the home of Mrs. Emil Krebs in honor of Wynne Moon, bride-elect of the month. Games and contests provided the entertainment, after which the guest of honor was presented with a table full of gifts. A delectable lunch ended a very lovely afternoon.

Mr. and Mrs. E. Dupont spent the holiday week end in Edmonton. Mr. and Mrs. Arnold Geddes of Prince George returned with them Monday evening. Grandpa Dupont, who has been visiting at his son's farm for the past three weeks, will return to Prince George with the Geddes on Tuesday evening.

Allan Chandler of Calgary spent the holiday week end with his parents.

Mrs. E. Weidner visited with her daughter, Mrs. Allen Krebs, over the week end.

Elmer Cowitz and sons, Roydon and Don, spent Easter week end at the Cowitz farm. Don and Roydon will stay the rest of the week.

Mrs. A.F. Cowitz was a guest at the reception for Mr. and Mrs. Wilson Blain's 55th wedding anniversary. Friends in our district would also like to extend hearty congratulations to the old timers.

WARBLE FLY CONTROL DISCUSSED AT MEETING IN MOUNTAIN VIEW HALL

45 farmers attended the meeting on warble-fly control at Mountain View Hall on Monday, March 31st, with Garnet Tighe acting as chairman. Mr. Hugh McPhail, District Agriculturist, reported that the districts east and west of Calgary and east and west of Olds had organized and bought power sprayers to be used this spring. There was also a power sprayer in the Westcott district. It was hoped to make this a warble-free area in time. Mr. McPhail said he believed farmers lost from \$3 to \$5 per untreated animal. Southern Alberta, where treatment has been carried on for some time, is controlling this pest, he said.

Most of the farmers present had only small herds of cattle, which they were treating by hand. Several said they believed compulsory treatment of all cattle within an area was necessary to be effective. While nothing definite was done in regards to a power sprayer for this district, and a large number of farmers make a point of discussing warble control with his neighbors.

In answer to a question on Banas' disease Mr. McPhail said the best method of control at present appeared to be call vaccine. He also stated that the Government did not have sufficient Veterinary Inspectors at present to increase the services regarding TB testing of cattle.

KING HIRAM LODGE NO. 21 HAVE 40TH ANNIVERSARY ON TUESDAY, APRIL 8

Members of King Hiram Lodge No. 21, A.F. & M. celebrated their 40th anniversary in the Masonic Hall, Didsbury, on Tuesday, April 8th, and a large turnout of members and visitors was present for the occasion. Grand Lodge officers were here to take part in the special ceremony, as well as R.W. Bro. R. Hollinger, the first Worshipful Master of King Hiram Lodge, and several degree holders. A banquet was held in the Lions hall at 7:00 p.m. with over one hundred guests present, and M.W. Bro. A.G. Bond, Grand Master, and others distinguished brethren addressed the gathering.

DAYLIGHT SAVING TIME

The question of daylight saving time is again a subject of controversy, especially in Alberta where the city of Calgary has been given authority to advance its time by one hour this summer, while the city of Edmonton has been refused this request by the Legislature.

During the war years daylight saving time was compulsory throughout the Dominion of Canada and as such there was little complaint. However, it seems absurd that one part of the province should operate on daylight saving time, while other parts remain on standard time. If the powers that be in Edmonton decide that fast time is advantageous then the Legislature should proclaim such a law and make it province wide. Otherwise we should all remain on standard time. We do not want any half measures.

Farmers in particular have protested against advanced time during the summer. They claim that they work from dawn till dark anyway, and when the chores are finished up at night they may have some free time and desire to take in a show or other entertainment in town. If fast time is in effect they cannot take advantage of this extra entertainment because by the time they get to town everything has been closed up. The same applies to early closing of stores.

Some business men, on the other hand, claim they are entitled to an extra hour of daylight in the summer time to enjoy their favorite sports in the evening—and even contend that they should close up at six o'clock Saturday evenings. Others have advocated remaining open all day Wednesday and closing at Saturday noon.

There are both good and evil points in all these proposals, but the fact remains that no matter what hours of business, or plan of time is adopted, it should be uniform all over the province—and better still, over the whole Dominion of Canada.

HACK TALK

"You ain't got no cause to worry, lady," the driver assured me as I picked myself up from the floor and straightened my hat while the taxi continued to swerve and skid down Butte's icy Main Street one wintry day. "I ain't goin' to land back in no hospital now after 18 months in one overseas."

"How dreadful," I murmured sympathetically. "You must have been seriously wounded."

"Nope," he replied cheerfully, never got a scratch. I was a mental case."

**C-I-L PAINTS****ORDER SEED EARLY**

(By H.G.L. Strange)

Each year in this column I write this same little message. I only repeat it because I know from letters received that this annual reminder does seem to help a number of farmers. The message is this: Order Your Supplies Of Registered And Certified Seed As Quickly As Possible.

For the last three years supplies have been short. Many farmers who ordered their seed late in the season were seriously disappointed, and so handicapped in their farming operations because the seed growers' supplies of good seed were exhausted. There are always unexpected hazards with good seed. At the last moment, even when seed has been promised to be delivered, the stocks may not finally pass government inspection, perhaps because of low germination, or because of a slight trace of weed seeds or of other grains that will not be removed by cleaning; often then it is too late to secure other stocks. The remedy, then, is to order seed early; and then, if any acres of new breaking or clean summerfallow.

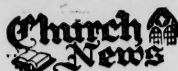

Annie Marriott, well-known Canadian poet and winner of the Governor General's Award in 1942, has contributed more than 50 poems to Canadian magazines. She is a script writer with the National Film Board.

CROP PROSPECTS

This spring moisture conditions over most of Alberta are satisfactory. This is particularly true of southeastern Alberta where drought is a constant menace.

There is sufficient moisture over the entire cropping area of this province to give seed grain a bumper crop. What happens thereafter is dependent mainly on rainfall during the latter part of June and the month of July.

The whole of Western Canada seems to be in good shape as far as moisture is concerned, and, given timely rains, a bumper crop might well be harvested. Farmers are planning on putting in extensive acreages this spring. A bumper crop would be a providential thing because of the shortage of food throughout the world and the need for building up depleted reserves. The farmers of the west will do their part. As a class they are wedded to the idea of greater production regardless of the long hours of work involved.

NEW BARLEY CONTEST TO BE HELD IN 1947

The crowning at the Manitoba Winter Fair of George G. Elias, 32-year-old farmer of Hasket, Manitoba as National malting barley champion of Canada, formally ended the \$25,000 National Barley Contest sponsored in 1946 by the brewing and malting industries. It also cleared the way for the 1947 contest which the brewing and malting industries are again sponsoring under rules and regulations the same as last year.

Entry forms and other information are in fact already available from agricultural representatives, elevator operators and the respective provincial committees. This year's contest as was that of last year, is part of a campaign to make Canadian barley as famous as Canadian wheat. Although sponsored by the brewing and malting industries which provide the prize money, it is really a co-operative effort with the Dominion and Provincial departments of Agriculture and the agricultural colleges of the country.

DOMINION GOVERNMENT PAYS \$160,000 FOR DAIRY PRODUCTS

In maintaining shipments of dairy products for export and at the same time keeping up a supply of milk for home consumption and providing a somewhat thin spread of butter, the Dominion government during the period from Sept. 1, 1939 to Jan. 31, 1947, paid out over \$160,000,000.

There is a breakdown given in Hansard which shows:

Premium on cheese	\$10,778,344
Subsidies on cheese	390,613
Milk for consumption	44,451,049
Milk for concentration	5,951,399
Milk for cheddar	14,221,370
Butterfat	84,104,622
	\$160,397,597

180 RADIO SETS PER HOUR

A robot process which is claimed to produce a complete radio receiving set every 20 seconds has been invented by a London scientist. It is based on automatic electronic circuit-making equipment known as "Emec." The basic principle of the system is the deposition of metal and graphite into grooves and depressions on preformed plastic plates. After passing through a series of controlled machines, the mouldings emerge complete with all necessary components, except tubes and loudspeaker, thereby automatically producing a circuit arrangement. It is believed that this invention may revolutionize radio-receiver production because of the low cost with which it can manufacture sets. Mr. J.A. Sargrove, the inventor, who introduced the new equipment at a recent meeting of the British Institution of Radio Engineers, said it was the result of ten years of research. The invention is not yet in commercial production.

Some day the desire to make living better will be stronger than the wish to make a better living. And that "some day" must come soon.

VOTE \$2,000,000 FOR DISTRICT HIGHWAYS

More than \$2,000,000 will be spent on district highways and local roads in 1947 by the provincial government in its greatly increased road budget, according to figures compiled by the Alberta Motor Association.

On capital account there is \$1,250,000 for district highways which includes \$800,000 for roads in municipal districts. This is \$810,000 more than the 1946 vote.

On income account, the vote for district highways and local roads is \$950,000, an increase of \$300,000. This vote includes \$400,000 in special grants, which is an increase of \$300,000 over last year.

Thus it is evident that a considerable program will be undertaken this year in improving the market and secondary roads which are such an important part of the provincial system.

ALBERTA'S INCOME INCREASED DURING 1946

According to a report made by Premier E.C. Manning the value of agricultural products in Alberta during 1946 was the highest in the Province's history. Grain crops last year were valued at \$245,000,000, an increase of \$77,000,000 over 1945.

Alberta produced 100,000,000 pounds of sugar from sugar beets in 1946, which was greater than the total Ontario production.

Livestock market showed a decrease of \$12,000,000, but hog marketing accounted for a \$13,000,000 decrease from the previous year. It was noted that in 1946 hogs marketed in Alberta numbered 2,981,000; in 1945 the number of hogs marketed dropped to 1,946,000; and in 1946 there was a further increase of 1,200,802 hogs sold in the province.

Value of dairy products was increased in 1946 by \$2,100,000. Poultry marketings were up \$500,000 and honey production showed a marked increase.

GROW MORE ALFALFA

J.E. Birdsall, Supervisor of Crop Improvement, says that alfalfa is the outstanding forage crop. No other can successfully replace it. It is well adapted for production on all well drained soils in the province, but it will not tolerate "wet feet." Alfalfa will produce more pounds per acre of foliage than any other crop and the forage produced will be more nutritious. To express it in scientific terms alfalfa is high in protein, minerals and vitamins. Alfalfa is indispensable to the live stock feeder and when fed to cattle, hogs, sheep or poultry, will do wonders in maintaining health and condition. For many classes of cattle and for sheep, alfalfa will come nearer than any other feed to providing a complete ration. For hogs and poultry it is essential to health.

Every farmer should consider seeding at least a few acres this spring. Indications are that soil moisture conditions will be ideal for establishing the crop. Alfalfa seed is still available for distribution to farmers, but cannot be held indefinitely. Your District Agriculturist can give you information about this valuable crop.

MODERN TANKER

Laid down to be fast enough to defy submarines without waiting for a convoy, a British tanker has been converted to the world's most modern vessel of her kind. She is "Heliconia," which is not only fast but sets new standards of comfort for all the crew. On her first run from Southampton to Curacao in the West Indies, she completed in a few hours over ten days a trip which had hitherto taken tankers 15 to 16 days to make. "Heliconia" is notable for her size, and her speed and handling machinery. Every member of the crew has a cabin to himself, and sleeps on a baring bed above which is a reading light. The furniture of these cabins includes a writing desk, a chest of drawers, and a settee. The seamen and firemen have separate messes, but sliding doors connect the two compartments so that they can be made into one large recreation room. The messes are equipped with a leather upholstered chair for each man.

To prevent the City of Syracuse from reverting to the Onondaga Indians, State of N. Y. gives members of the tribe 16 pounds of salt every year, as laid down in a treaty made in 1795.

Several letters have been received by the Live Stock branch with reference to the quoted price of 93c for barley, and there seems to be a mistaken idea that the farmer who is feeding hogs could get this price at the elevator. Live Stock Supervisor A.J. Charnetki points out that the Edmonton barley price for farmers is mortgage-lifters, and more detailed information on this subject may be expected in the near future.

Prices quoted by the Canada Grain Board are on the basis of Ft. William. From these prices, freight and handling charges must be deducted, which makes the actual price at the elevator. 51c for oats and 75c for barley. At these prices, says Mr. Charnetki, hogs can still be considered top mortgage-lifters, and more detailed information on this subject may be expected in the near future.
